## Product highlights

### Gold-plated connectors

Gold-plated connectors provide better conductivity by lowering contact resistance. They also prevent connector deterioration through oxidation.

### Quality construction

Quality construction uses only top grade materials to create products of extended durability.

### Bare copper shielding

Bare copper shielding protects against signal loss.

### Easy grip

This non-slip grip makes connecting your components easy and ergonomically comfortable.

### Flexible PVC Jacket

Flexible PVC jacket provided protection to the delicate core of the cable. It also offers extended durability and ease of installation.
